For the Laundry

Clothing looks cleaner with reduced fading and fabric wear. Clothing life can be extended by as much as 15%. Soap and detergent consumption can be substantially reduced.

For the Kitchen

Dishes and glasses look cleaner and brighter.

For the Family

Hard water can cause dryness. Skin and hair washed in soft water look and feel better.

For the Home

Water using appliances last longer. Softened water maintains energy efficiency.

Easily Eliminate Hard Water with Marlo MCV Water Softeners

Hard water can be a lot more problematic than you think. It can cause buildup of mineral scale inside your appliances and plumbing. It can block your water supply and cause appliances like dishwashers and washing machines to fail. Hard water stains kitchen and bathroom fixtures and also reduces the effectiveness of soaps and detergents, meaning

that you and your clothing don't get as clean. End the troubles of hard water with a Marlo water conditioner. Our MCV series water softener removes hard minerals from your water leaving it soft, clean and better tasting. Soft water saves you money. Enjoy the benefits of a Marlo water softener. Call and order yours today!

Take a look at the advantages of using a Marlo water softener:

- Soft water improves the efficiency of water based heating systems and hot water systems and can extend the life of your water heater by 50%.
- Use only half the soap in the laundry, bathroom, and kitchen as you normally would with hard water.
- Save money on hair conditioners and shaving cream as you use up to 25% less.
- Extend the lives of dishwashers, washing machines and other water-using appliances by 30%.
- Laundered clothes will be cleaner and last longer.

In the kitchen The Marlo MCV will
